

# SHASA ELECTRIC VEHICLE MEMBER OFFER

IN PARTNERSHIP WITH THE GOOD CAR COMPANY

## ABOUT GOOD CAR CO.

The Good Car Company and South Coast Health and Sustainability Alliance have proudly joined forces in a partnership to offer locals access to affordable new and second hand electric vehicles.

Good Car Co. is a social enterprise created to decarbonise transport. They help households and communities in Australia transition to electric vehicles and take control of their emissions. They do this by bringing great quality, more affordable EVs to Australia from Japan and the UK and partnering with communities like ours!

**Good Car Co. believe everyone gets to transition to an electric vehicle.**

That's why they import more affordable EVs to Australia and pass the savings we generate on to you. All imported Good Car Co. EVs come with our Good Car Guarantee. They're in tip-top shape, and they back them, so you can breathe easy.
