

POWER FOR YOU, REWARDS FOR ALL

Get \$100 for your
community group
when you make
the switch!

Indigo Power

Some things are worth sharing, and this is one of them. For every new Indigo Power sign-up we refer, we can receive \$100*. Making the switch is easy. And once that's done, the only thing left to do is [click here to complete the referral form](#).

* T&C's apply. Refer to campaign brief for details.

Why Indigo Power?

Local and community-owned

We are based in Beechworth, and our team is made up of locals. We are committed to creating local employment opportunities and using local suppliers where possible. So when you join Indigo Power you're ensuring that more money that's spent here, stays here.

Carbon neutral

Access local renewable energy and carbon offset 100% of your energy usage. This carbon-neutral offsetting means our customers can feel good knowing their energy use is causing less negative net impact on the environment.

Social enterprise

Our purpose is to deliver 100% renewable energy across the region, in a way that supports and empowers communities. We're committed, and will spend half our profits on achieving our renewable energy target. We are certified by Social Traders.

Share the energy

Through innovative technology, customers with solar panels (and batteries) can share the energy generated with their local community.

Join your local Energy Hub

We promote clean energy cooperation across the whole community, with energy transferred from those who have it, to those who need it.

For a cleaner future, today

We're building renewable energy generation and storage, so that we can provide locally generated renewable energy for you and your neighbours.

Together we can power our region with 100% renewable energy.
